INTERESTS

- Cinema
- Music (playing instruments)
- Traveling
- Cooking

ABOUT ME

I enrolled in the Department of Computer Engineering at the University of Turkish Aeronautical Association in 2019 and graduated in July 2024 with a 2.96 GPA. I am a person who constantly likes to try and research different things in my own life. I also applied this in my student life. At the beginning of the 2019-2020 term, I worked as a board member of the Science Fiction and Fantasy Community at my school. Then, in the 2020-2021 term, I served as the Founding Vice President of the Cinema Community, and again in the 2020-2021 term, I served as a board member of the Rocket Community.

WORKS/EXPERIENCES

INTERNSHIP

CBKSoft Inc. - June 2022 - July 2022

- It was an internship where I worked on SQL and .NET Core projects.

INTERNSHIP

ATEL Teknoloji ve Savunma Sanayi A.Ş. - August 2023 - September 2023

- During my internship, I worked on ASP.NET MVC structures and worked on 2 different projects on this subject. I worked on the inventory system and the registration processes of an in-company department. It was an internship where I used SQL and MVC structures in more detail
